

BOSTON PUBLIC SCHOOL

Bodla Dehtora Road, Sikandra, Agra 282007

Dear Parents,

Please take a moment to go through the following important points that contribute to the good upbringing and discipline of your ward:

1. Send your ward in a clean, well-washed, and properly ironed school uniform.
2. Shoes should be properly polished every day.
3. School socks should be black with yellow stripes—ensure the correct pair is worn.
4. Send two clean handkerchiefs daily for your ward's hygiene.
5. Only healthy and nutritious homemade food should be packed in the tiffin. Avoid junk food.
6. Wrap the food in butter paper instead of foil paper for health and hygiene.
7. Make sure your ward carries a clean, filled water bottle every day.
8. Hair should be neat and properly tied (for girls) with the prescribed accessories. Nails should be trimmed regularly.
9. Ensure your ward reaches school on time.
10. Avoid sending expensive items like gadgets, jewellery, or toys to school.
11. Encourage your ward to complete homework regularly and develop a daily reading habit.
12. Talk positively about school and learning to boost your child's confidence and interest.
13. Send the school bag according to the class time table to avoid unnecessary weight.

We appreciate your support and cooperation in helping us build a strong foundation for your child's future.

Warm regards
